

**REMARKS**

A review of the claims indicates that:

- A) Claim 24 remains in original form;
- B) Claims 13—23 were previously presented; and
- C) Claims 1—12 and 25—34 are cancelled.

**Drawings**

Claim 27 recited “a browser that describes a vector shape on top of a raster image.” The Office Action mailed 10/22/2004 requested new drawings showing that browser. While the Applicant believes that the drawings show the browser, arguments to this effect are irrelevant in view of the cancellation of claim 27. The Applicant reserves the right to reinstate claim 27 in a later application claiming priority to this application.

**Claim Cancellations**

Claims 1—12 and 25—34 are cancelled without prejudice to the Applicant’s right to file the same or similar claims in a later application claiming priority to this application. Accordingly, the section 112, 102, 103 and drawings objections are moot.

**Allowable Subject Matter**

Claims 13—24 were found to have allowable subject matter, and were allowed by the Examiner in the Office Action mailed 10/22/2004.

Conclusion

The Applicant has cancelled all claims not allowed by the Office Action mailed 10/22/2004. Therefore, only the allowed claims remain. Accordingly, the Applicant respectfully requests allowance of the application.

If any issues remain prior to allowance of the application, the Examiner is respectfully requested to contact the undersigned attorney so that they may be resolved as quickly as possible.
